

ENSPrAY 99®

SPRAYING OIL

INSECTICIDE, MITICIDE & FUNGICIDE

For the control of scale, aphids and mites on citrus, pip and stone fruits, thrips on citrus, European red mite, mealy bug, scale insects and aphids on ornamentals and roses.

- BioGro Certified
- ACVM Registered to use in food crops
- Safe to use

Grosafe's EnSpray 99® Spraying Oil, is a certified organic insecticide for controlling chewing and sucking insects. EnSpray 99® inhibits eggs, nymphs and adult insects and mites breathing, resulting in suffocation, as well as affecting feeding and egg laying.

Applying EnSpray 99® before real pressure occurs will enable you to keep your plants healthy and pest free.

Apply EnSpray 99® every 3-4 weeks as an organic maintenance programme to protect your edible crops and ornamentals.

Use EnSpray 99® for the control of European red mite, San Jose scale and aphids on deciduous plants like apples, pears and stone fruit.

Control scale insects, aphids, citrus red mite and thrips on citrus and European red mite, mealy bugs, scale insects and aphids on ornamentals and roses.

You can also use as a leaf shine on indoor plants.

Available in leading garden centers throughout New Zealand
