ZONDA® STUMP GEL

HAZARD CLASSIFICATIONS:

Skin sensitisation Category 1,
Hazardous to soil organisms

WARNING: May cause an allergic skin reaction. Toxic to the soil environment.

PERSONAL PROTECTION: Avoid breathing vapours.

Wear protective gloves. Contaminated clothing should not be allowed out of workplace. Wash contaminated clothing before reuse.

STORAGE: Store in original container, tightly closed and away from foodstuffs. Store in a cool dry well ventilated area avoiding sunlight and extreme temperatures.

SHELF LIFE: When stored appropriately this product should show no significant degradation. Contact your supplier if you require further information about the product.

ENVIRONMENT: Take all reasonable steps to ensure the substance does not cause any significant adverse effects to the environment beyond the application area. Do not apply into or onto waterways. Avoid release to the environment.

SPILLS AND DISPOSAL: Deal with all spillages immediately. When dealing with spills wear personal protective clothing and equipment. Collect all spills in labelled drums that can be sealed for safe disposal.

Avoid release to the environment. If contamination of drains, streams, watercourses, etc. is unavoidable, warn the local water authority.

PRODUCT DISPOSAL: If possible, dispose of by using all product according to the label, otherwise dispose of in an approved landfill.

CONTAINER DISPOSAL: Do not use this container for any other purpose. Triple rinse and dispose of via Agrecovery (www.agrecovery.co.nz) or at an approved landfill.

SAFETY DATA SHEET: A safety data sheet is available from Sipcam New Zealand Ltd.

FIRST AID:

If contact with skin occurs wash thoroughly with soap and running water. If skin irritation occurs, get medical advice / attention. If medical advice is needed have the product container or label at hand.

EMERGENCY RESPONSE: 0800 CHEMCALL (0800 243 622)

GENERAL INSTRUCTIONS:

ZONDA STUMP GEL is a ready to use herbicide for direct application onto a wide range of trees, woody weeds, shrubs, scrambling perennial weeds and weeds with creeping or bulbous roots. Apply product immediately to cut stems or stumps by swabbing with the brush applicator. Smaller plants may die over a period of a couple of weeks and larger tree stumps could take a few months to die. If there is any regrowth reapply the **ZONDA STUMP GEL**. It is best to apply when the plant is actively growing (Spring and Autumn). DO NOT apply during rainfall or 12 hours prior to rainfall as this will give a poor result. DO NOT apply on or around food or animal crops or areas to be grazed by animals. **ZONDA STUMP GEL** is a non-selective herbicide – use only on plant species as listed.

DIRECTIONS FOR USE:

Woody weeds: Old Mans Beard, Climbing Spindleberry, Japanese Honeysuckle, Grey Willow Gorse, Cotoneaster, Darwins Barberrry, Eleaagnus and Woolly Nightshade. Cut stems horizontally and preferably no higher than 100mm above ground level, immediately apply a 5mm thick layer of **ZONDA STUMP GEL** over the cut surface of the plant. On stems of 20mm diameter or greater treat 80% of the stems including the leader stems.

Woolly Nightshade trees: Cut a series of grooves 15–20mm deep around main trunks of the tree using an axe or pruning saw. The grooves should have a 20–40mm gap between each one and then immediately apply a 5mm layer of **ZONDA STUMP GEL** over the surface.

Rhizomatous plants: Wild Ginger, Agapanthus and Kahili. Prune the Agapanthus horizontally at the base and immediately apply to the cut stem 5mm layer of **ZONDA STUMP GEL** across the cut surface of the rhizome. On Kahili Ginger prune and treat the same as the Agapanthus but, if there are more than four rhizomes between the shoots, drill a 10mm hole in every fourth rhizome and fill the hole with **ZONDA STUMP GEL**.

Wandering Jew: Apply **ZONDA STUMP GEL** at 16g per square metre over the foliage using a paint roller or similar, making sure the foliage is completely flattened during the application.

Approved pursuant to the HSNO Act 1996 HSR101073

See www.epa.govt.nz for approval controls.

NOTICE TO BUYER: This product must be used in accordance with the directions for use. Other than warranted by New Zealand consumer protection law, Sipcam's liability for any direct, indirect or consequential loss which you incur, including, without limitation, loss or damage to crop, loss of equipment, property damage, personal injury or death is limited, at Sipcam's option, to the replacement of the product or the supply of an equivalent product. By opening this package, you agree to be bound by these terms. If you do not agree to these terms, please return the entire unopened package intact to Sipcam or the place in which you purchased this product for a full refund.
